

## PRODUCT INFORMATION

### PD201 Double Sided Tissue Tape

#### Product Description:

PD201 is a tissue tape double coated with a high tack pressure sensitive acrylic adhesive. It is clear in colour with a whitepaper liner.

#### Product Data:

	Unit	Nominal Value
Tape Thickness:	mm	0.130
Adhesion to Steel:	kg/cm	0.39
23°C Cohesion to Steel:	min	1440
Elongation at Break:	%	2.0
Tensile Strength:	kg/cm	0.8
Service Temperature Range:	°C	-20 to +80

#### Applications:

- Strong adhesion allows the attachment to many materials, including all metals and most plastics
- Ideal also for bonding to many irregular or textured surfaces such as heavy papers, corrugated board and textiles

#### Features & Benefits

- Has high tack adhesive giving good initial holding strength
- Excellent resistance to heat, weathering (UV stable) and thermal creep
- Heavy duty liner allows for ease of handling during applications
- No known hazards associated with the tape
